

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1. (original): A method of treatment for suppressing or inhibiting lung tumorigenesis, comprising administering to a subject who requires the treatment an effective amount of a compound represented by the following formula (I).

2. (original): The method according to claim 1, wherein the compound is administered orally.

3. (new): The method according to claim 1, wherein the subject is a high-risk subject who is exposed to environmental factors known as to causal correlation with lung tumorigenesis, having a personal medical history of lung tumor, or having a family medical history of lung tumor.

4. (new): The method according to claim 1, wherein the administration of the compound suppresses or inhibits malignant tumor.

5. (new): The method according to claim 1, wherein the administration of the compound suppresses or inhibits benign tumor.

6. (new): The method according to claim 1, wherein the administration of the compound prevents development or recurrence of lung tumor.
